EXPERIENCE

CCS X General Motors Sponsored Studio
Crafted a vehicle design in collaboration with UI/UX and Interior production. Exhibited solutions that implemented AI to promote user experience and vehicle functionality regarding the off road racing market.

CCS X Volkswagen Sponsored Studio
Create an affordable, iconic, and functional solution for a specific user demographic, as given within the North American market.

Paul Snyder Studios Internship
Designed work for mentor's consultancy. Utilized softwares such as, Photoshop, Blender, and Alias. Sought after for hand sketching and rendering.

CCS X General Dynamics Sponsored Studio
Prompted to design a military VTOL vehicle that gives access to multi-terrain areas such as, urban and mountainous environments. Specializing vehicle usage for troop transportation, logistics, special operations, and more.

CCS X American Chemistry Council Sponsored Studio
Tasked with designing a vehicle and small infrastructure that utilized a closed recyclable loop, with a goal for maximum use of the vehicle. Final clay model displayed at Autorama 2024 Car Show, held at the Huntington Place in Detroit, MI.

Fiat Chrysler PDO Art + Design Apprenticeship
Competed and invited to attend a week long STEM workshop at Stellantis Headquarters in Auburn Hills, MI. Worked closely with head designers in the field, shadowed studio functions.

SKILLS

Adobe Creative Suite
Blender Software
