

# Ioannis Loutridis

## Website

I'm Ioannis 22 years old and a transportation design student at College for Creative Studies. I am passionate about design. I strive to change the world for the better through my designs. I can use my knowledge of automotive history, strong sketching and ideation skills to come up with exciting and new mobility concepts. I love challenging myself with new and exciting projects.

## Education

Sept 22' - May 26'

### College for Creative Studies

Detroit, MI

Bachelors for Arts, Transportation Design

Graduating May 2026 Current GPA: 3.92

## Experience

### General Motors Summer 2023 Design Program

Remote

Developing Exterior Design Solutions for a future GMC EV vehicle.
