Gravity-X sill plate design

Personal project

Summer 2025.-Fall 2025.

Contributed to the design of the Lucid Gravity-X, showcased at the Pebble Beach Concours d'Elegance.

Completed an independent design project, "LUMEA," including car interior design, and developed a full-scale instrument panel model.

Pininfarina Design Intern

Shanghai, China

Hongqi concept car design

ROX exterior design

Spring 2022.-Summer 2022.

Research on sustainable trends in the future. Application of environmentally friendly materials in luxury car interiors.

Completing the production of automotive components in the factory. Automotive design sketch and rendering.

SAIC Design Center CMF Intern

Shanghai, China

ROEWE IMax8 design

Summer 2022-Fall 2022

The Application of Chinese Culture in Car Interior. Brand research and competitor analysis

Project

GM Studio

Detroit, MI, US

Exterior design Project

The vehicle is designed to support young people in outdoor activities, especially content creators and bloggers who are passionate about filming outdoor adventures.

Toyota Studio

Detroit, MI, US

Interior design Project

Fall 2024

A family van designed for four people and their pets. This design incorporates natural elements into the design and uses mushrooms as inspiration to express a soft and safe feeling.

Jeep Off-road Car Concept

Detroit, MI, US

Interior design Project

Spring 2024

This design aims to provide young people with an off-road vehicle that combines science fiction and usability. The interior of the car features many modular elements that allow users to switch freely.

Citroen Pop-Up Car

Detroit, MI, US

Exterior design Project

Winter 2023

The inspiration for this car comes from pop-up stores. In recent years, with the increasing number of shopping methods, people are pursuing more innovative consumption experiences.
