EXPERIENCE

DIY, Frankenfest — *Festival leasain*

September 2022 - present

I occasionally work as a helper/leasain for street festivals and art fairs during the summer and early fall. I'm one of the people running errands for the coordinators, helping artists find their booths, distributing licenses, and running the merch booth. I also started filling in for artists and watching their booth if they needed to take a break and didn't have anyone else to watch the booth. Which ended up being a highly appreciated service for our artists. My boss is Crista Johnston.

Multimedia art experience

Outside of work and school I make sculptures and art dolls. I've been doing multimedia art since I was a kid, so I know my way around an art supply store. Outside of the oil paint, I'm pretty sure I've used almost every supply in the whole store. I've been shopping at Blick since I was a kid, and I've probably spent half my tuition there.

EDUCATION

Arts Academy in the Woods, Frasure

September 2018 - may 2022 (highschool)
