GE APPLIANCES INTERNSHIP

JUNE 2025 – JUNE 2026 | INDUSTRIAL DESIGN

Worked across the full industrial design process—from research and ideation to CAD and prototyping. Partnered with a variety of teams to develop user-focused, manufacturable solutions that aligned with current architecture and visual brand language.

MICHIGAN DESIGN PRIZE VOLUNTEER

MAY 2024 – JUNE 2024

Collaborated with young designers and professionals to develop and refine ideas through a collaborative and iterative design process. This involved brainstorming, sharing diverse perspectives, and continually improving concepts to get to a final solution.

GENERAL DYNAMICS LAND SYSTEM

JUNE 2023 – MAY 2024 | GRAPHIC DESIGN & INDUSTRIAL DESIGN

Worked in the Communication department creating presentations, infographics, and logos; worked in the Future Systems Division the second year; collaborated with engineers and other industrial designers to ideate and develop innovative concepts into full-scale prototypes.

MASONITE x INTERIOR DESIGN STUDIO

SEPT 2024 – DEC 2024 | INDUSTRIAL DESIGN

Collaborated with Masonite and interior designers to create a unique door for their main line. We developed and prototyped concepts aligning with current trends and Masonite's visual brand language. Masonite awarded our team first place based on aesthetics and man-
