- Unreal Engine

Exposed to

- KeyShot
- Rhino

Objective:

Transportation designer with a passion for creative vehicle design, seeking full time position in an automotive design studio where I will be able to contribute my creative skills and collaborate with your design team in developing innovative automotive interior and exterior mobility solutions.

Experience

BRP Sponsored Studio and Design Challenge
Tackled the issue of responding to emergencies in harsh weather conditions and difficult terrain by creating a rescue UTV based on a winter ready rescue vehicle with BRP.

Sept. 2025-Dec. 2025

ACC Sponsored Studio 2050 Buick Velora
Collaborated with the American Chemistry Council Design and Engineering to develop the next generation of mobility focused on brand character exploration, integration of personal luxury and sustainable material strategies. My proposal used form and surface development to create a clay based scale model.

Sept. 2024-Dec. 2024

AEXP-101: Intro to Automotive Design
Plymouth, Mi

Understanding entry level of transportation design, group collaboration, sketching, rendering 2D, and fishbone model.

June 2019

LaFontaine Chrysler Dodge Jeep Ram of Walled Lake Service Porter- Problem solving, team leadership, group planning.

March 2022-August 2024
